

# Marie Kim Aviles

Washington, D.C. | (614) 717-8412 | [myk19@georgetown.edu](mailto:myk19@georgetown.edu)

## EDUCATION

### Georgetown University

*Doctor of Philosophy in Biostatistics*

Washington, DC

Aug 2026 – Present

### University of Illinois Chicago

*Master of Science in Biostatistics (GPA: 3.92 / 4.00)*

Chicago, IL

Aug 2024 – May 2026

- **Capstone Project:** “The Effect of Watch-and-Wait (W&W) Strategy in Rectal Adenocarcinoma”

### The University of Chicago

*Bachelor of Arts in Chemistry (GPA: 3.79 / 4.00)*

Chicago, IL

Sep 2018 – Jun 2022

## RESEARCH EXPERIENCE

### Division of Epidemiology and Biostatistics, UIC School of Public Health

*Graduate Research Assistant*

Chicago, IL

Jul 2025 – Aug 2025

- Researched usage of fractal dimension analysis on arm movement data of control vs. post-stroke subjects
- Performed literature review on clinical applications of modeling using fractal dimension analysis

*Graduate Research Assistant*

Sep 2024 – Dec 2024

- Investigated formulation of effect sizes and effect size estimators in quasi-experiments when adjusting for covariates and extensions of meta-analysis methods to small sample situations
- Wrote code in R to run simulations and conduct statistical analyses on simulation data
- Conducted literature reviews on research in meta-analysis and effect size estimation

### American Association of Nurse Anesthesiology

*Research Intern*

Rosemont, IL

Feb 2025 – Aug 2025

- Conducted quantitative analysis and create 50+ data visualizations of research data
- Performed literature reviews and summarize findings as part of a manuscript draft
- Managed administrative tasks related to research projects, like scheduling meetings and managing project timelines

### Comprehensive Care Program (C4P), University of Chicago

*Americorps Member, Clinical Research Assistant*

Chicago, IL

Mar 2024 – Jul 2024

- Researched models of care that optimize patient-clinician relationship and coordination and continuity of care
- Conducted an average of 50 calls weekly to survey patients in C4P on their health and relationship with PCP
- Assisted with patient recruitment, running STATA code to screen for eligibility and consenting participants
- Planned and coordinated wellness events for C4P participants as part of the Artful Living Program

### Section of Pulmonary & Critical Care Medicine, University of Chicago

*Clinical Research Assistant*

Chicago, IL

Jul 2022 – Feb 2024

- Screened an average of 25 patients daily from the Medical Intensive Care Unit list on EPIC for study eligibility
- Consented and enrolled an average of 5 patients per week, fielding questions and briefing patients and family members on participation and enrollment processes of studies on ICU treatments and ICU-acquired weakness
- Coordinated daily blood, stool, and ventilation data collection with nursing and clinical laboratory staff
- Administered cognitive and sedation assessments, follow-up telephone surveys, and diaphragm and leg ultrasounds
- Created graphs and data visualizations of study outcomes using R and other visualization software
- Wrote R scripts to clean and conduct statistical analyses on patient ventilator data

*Undergraduate Research Assistant*

Mar 2022 – Jun 2022

- Managed multiple clinical trial databases with 350+ patients on Redcap and Excel
- Merged and cleaned multi-center data from 3 clinical trials into one consolidated database

### Laboratory of Mitochondrial Medicine, Kyung Hee University

*Summer Research Intern*

Seoul, South Korea

Jul 2019 – Sep 2019

- Analyzed microarray data in R to investigate the effects of environmental toxins on mouse hepatic cells
- Created a comprehensive protocol for laboratory members for performing microarray analysis using R
- Presented progress reports utilizing MS PowerPoint during weekly lab meetings to the lab

## PEER-REVIEWED PUBLICATIONS

---

1. de Porto AP, Dylla NP, Stutz M, Lin H, Khalid M, Mullowney MW, Little J, Rose A, Moran D, McMillin M, Burgo V, Smith R, Woodson C, Metcalfe C, Ramaswamy R, Lehmann C, Odenwald M, Bandealy N, Zhao J, **Kim M**, Adler E, Sundararajan A, Sidebottom A, Kress JP, Wolfe KS, Pamer EG, Patel BK. Fecal metabolite profiling identifies critically ill patients with increased 30-day mortality. *Sci Adv*. 2025;11(23):eadt1466. doi:10.1126/sciadv.adt1466.
2. Thomas G, Bigger S, Kim J, **Kim M**, Yoon JD, Schweiker W. The Enhancing Life Research Laboratory: Tools for Addressing Orientational Distress in the Medical Profession. *Acad Med*. 2023;98(6S):S9-S14. doi:10.1097/ACM.0000000000005193.

## ABSTRACTS & PRESENTATIONS

---

1. N. Lum, **M. Kim**, K. S. Wolfe, A. Pohlman, J. P. Kress, B. K. Patel. Comparison of Adverse Event Rates With Early Mobilization and Usual Care: A Blinded Post-hoc Secondary Analysis of a Randomized Clinical Trial. 2024 American Thoracic Society; 2024 May: San Diego, CA.
2. N. Gras, **M. Kim**, A. Stepniak, P. A. Lecompte-Osorio, M. R. Stutz, S. D. Pearson, A. Pohlman, J. P. Kress, B. K. Patel, K. S. Wolfe. Comparison of Change in Rectus Femoris Cross-sectional Area Over Time in Ventilated Vs Non-ventilated Patients With Shock. 2024 American Thoracic Society; 2024 May: San Diego, CA.
3. Bandealy N, Douglas D, **M. Kim**, Hicks I, Khalid M, Wolfe KS, Stutz MS, Pohlman AS, Hall JB, Pamer EG, Kress JP, Parker WF, Patel BK. Comparison of One-Year Mortality after Critical Illness in a Prospective Observational Study of ICU Survivors with and without COVID-19. 2023 American Thoracic Society; 2023 May: Washington, DC.
4. Panchamukhi SV, Wolfe KS, **Kim M**, Esbrook CL, Pawlik AJ, Pohlman AS, Hall JB, Kress JP, Patel BK. Comparison of skeletal muscle wasting in mechanically ventilated patients with early Mobilization versus usual care: A substudy of a randomized clinical trial. 2023 American Thoracic Society; 2023 May: Washington, DC.
5. Thomas G, Farrell R, Bigger S, Yoon JD, Sulmasy D, **Kim M**, Schweiker W. Enhancing Imaginaries and Care of the Soul. 2023 Conference on Medicine and Religion; 2023 March: Columbus, OH.
6. Guillaume J, Mozer CL, Kim J, **Kim M**, Yoon J. Current and Retired Physicians' Perspectives on the COVID-19 Pandemic's Impact on the Practice of Medicine and Physician Wellbeing. 2022 AcademyHealth Annual Research Meeting; 2022 June: Washington, DC.
7. Mozer CL, Guillaume J, Kim J, **Kim M**, Yoon J. Current and Retired Physicians' Perspectives on the COVID-19 Pandemic's Impact on the Practice of Medicine and Physician Wellbeing. 2022 Society of General Internal Medicine Annual Meeting; 2022 April: Orlando, FL.

## HONORS & AWARDS

---

- |                                                                              |                                  |
|------------------------------------------------------------------------------|----------------------------------|
| • Georgetown University Biomedical Graduate Education Ph.D. Merit Fellowship | <i>Apr 2026</i>                  |
| • Delta Omega Honorary Society in Public Health, Lambda Chapter              | <i>Apr 2026</i>                  |
| • UIC Division of Epidemiology & Biostatistics Division Director's Award     | <i>May 2024</i>                  |
| • Living Hope Church, Chicago Scholarship                                    | <i>July 2024</i>                 |
| • University of Chicago Dean's List                                          | <i>2018-19, 2019-20, 2021-22</i> |
| • Foreign Language Acquisition Grant (declined due to COVID)                 | <i>Apr 2020</i>                  |
| • Jeff Metcalf Global Fellowship Grant                                       | <i>Mar 2019</i>                  |
| • National Merit Scholarship                                                 | <i>Apr 2018</i>                  |

## SKILLS

---

**Programming:** Proficient in R and SAS; Basic in Python, Mathematica

**Computer:** Proficient in Microsoft Office Suite, Google Suite, L<sup>A</sup>T<sub>E</sub>X, Redcap, NVivo, Canva, WordPress

**Language:** Native fluency in English, Korean; Intermediate in Spanish

## TEACHING EXPERIENCE

---

### **Ringle Tutor**

Remote

*English Tutor*

*Feb 2024 – Present*

- Conduct English lessons to non-native students of diverse ages and educational and professional backgrounds
- Consistently receive five-star ratings on teaching platform with 100+ students taught to date

### **Division of Epidemiology and Biostatistics, UIC School of Public Health**

Chicago, IL

*Graduate Teaching Assistant*

*Aug 2025 – May 2026*

- Teaching Assistant for IPHS 454/5 Quantitative Methods I/II
- Held weekly office hours and support 25+ students with statistics and data analysis with SAS and Excel
- Managed and updated Blackboard course content, including lecture materials, assignments, grades
- Graded homework and exams; assisted with proctoring and developing grading schedules

### **Maroon Tutor Match, Neighborhood Schools Program, University of Chicago**

Chicago, IL

*Middle School Tutor*

*Jan 2019 – Sep 2020*

- Provided weekly lessons to students in mathematics, reading comprehension, and standardized test prep

## LEADERSHIP & VOLUNTEER EXPERIENCE

---

### **Unity Hospice**

Chicago, IL

*Hospice Volunteer*

*Jul 2023 – Aug 2025*

- Provided biweekly caregiver respite and social visits to a terminally ill patient with late-stage dementia
- Recorded physical and emotional signs of discomfort and progression of symptoms with clinical notes

### **UIC School of Public Health Committee on Research**

Chicago, IL

*Research Article Award Group Student Representative*

*Aug 2024 – May 2025*

- Evaluated articles by faculty and students and voted to award articles that demonstrated high quality research

### **American Youth Soccer Organization**

Chicago, IL

*Assistant Soccer Coach (Region 751)*

*Sep 2022 – May 2025*

- Assisted in drills and scrimmages for U-12 and U-14 soccer players during practice and with game-day coaching

### **Living Hope Church, Chicago**

Chicago, IL

*Youth Volunteer*

*Nov 2021 – Jul 2022*

- Facilitated educational and enrichment activities for high-risk elementary and middle school students in Woodlawn
- Provided homework help and mentorship as part of a routine schedule in the Hope Scholars afterschool program

### **Brookdale Senior Living**

Dublin, OH

*Hospice Volunteer*

*Jun 2021 – Sep 2021*

- Provided companionship and emotional support to patients with Alzheimer's and dementia-related conditions
- Recorded physical and emotional signs of discomfort and progression of symptoms with clinical notes
